PROFESSIONAL SUMMARY

As a passionate and driven individual eager to dive into the world of cybersecurity and data analytics, I am excited about the opportunity to contribute to your team as a Cybersecurity Intern. My experience in ethical hacking and data analysis, combined with my commitment to learning and growth, positions me as a valuable asset. I am enthusiastic about applying my skills in a dynamic environment and collaborating with like-minded professionals to tackle real-world challenges.

EDUCATION

B.Tech, Computer Science and Engineering – JSPM University, Pune (2020–2026) Diploma,
Computer Science and Engineering – JSPM Polytechnic, Pune (2020–2023)

TECHNICAL SKILLS

Languages: C/C++, Python (Basic), Java (Basic), HTML, CSS, JavaScript, SQL

Cybersecurity: Network Scanning, Penetration Testing, Vulnerability Analysis, Firewalls, Zero Trust

Tools & Concepts: Machine Learning Basics, Web Development

Soft Skills: Communication, Problem Solving, Time Management

EXPERIENCE

Cybersecurity Intern (Virtual) – Zscaler (Apr 2024 – Jun 2024)

- Monitored and simulated network environments using security tools
- Learned Zero Trust architecture, firewalls, and threat detection

Ethical Hacking Intern (Virtual) – Eduskills (Apr 2025 – Jun 2025)

- Performed penetration testing and vulnerability assessments
- Simulated attacks: brute force, phishing, XSS, CSRF

Software Simulation Intern (Remote) – Forage (Skyscanner) (Feb 2025)

- Built microservices and a React-based web application

Data Analytics Intern – Virtual

- Analyzed large datasets to uncover actionable insights for decision-making.
- Developed interactive dashboards that improved data visibility by 40%.

PROJECT

Credit Card Fraud Detection System

- Developed a web-based system using HTML/CSS and ML concepts
- Identified fraudulent transactions using dataset patterns (time, location)
- Visualized fraud trends; worked in a team of 4

Resume Screening System Using NLP

- Developed an NLP-based system to automate resume screening and candidate shortlisting
- Extracted and analyzed keywords from resumes to match with job descriptions
- Implemented machine learning techniques to rank candidates based on relevance
- Improved recruitment efficiency by reducing manual screening effort and time

CERTIFICATIONS

- Certified From IBM for strong Communication skill and Problem Solving skill.
- Completed various certificates from online platforms.
- Cybersecurity Analyst Job simulation at Tata By Forage. Fundamental of Cybersecurity By Eduskill.

ACHIEVEMENTS

- Participated in intercollege project competition for Keylogger.
- Certified for Advanced Computer Networking and Software Engineering By NPTEL.
- Participated in National Level Project Competition
